Our silk floral range is created for Personal Touch by Samantha of Lena's Floris, a luxury bespoke floral studio, inspired by the legacy of her grandmothers Ms. Lena and Ms. Floris.

'Although, I never had the chance to meet them, their memories live on through every floral arrangement I create. Each design is thoughtfully handcrafted to reflect the unique story of every client, whether it's a heartfelt tribute, a celebration of life, or a cherished keepsake.'

Her floral work is of the highest standard, with many of her designs showcased here.

From traditional designs to bespoke pieces, her range is a wonderful compliment to our fresh floral range.

Floral arrangements start from just £50.00 and orders can be taken up to 5 days prior to the funeral day.
